

# Intan Technologies RHS2116 Bare Die

Approximately 4.9 mm

**Gray** = approximate outline of die (may vary from die to die due to variations in sawing)

**Yellow Cross** = center of design (may not coincide precisely with center of die due to variations in sawing)

**Blue, Green** = top metal layers (highly visible)

**Red** = glass openings for bond pads

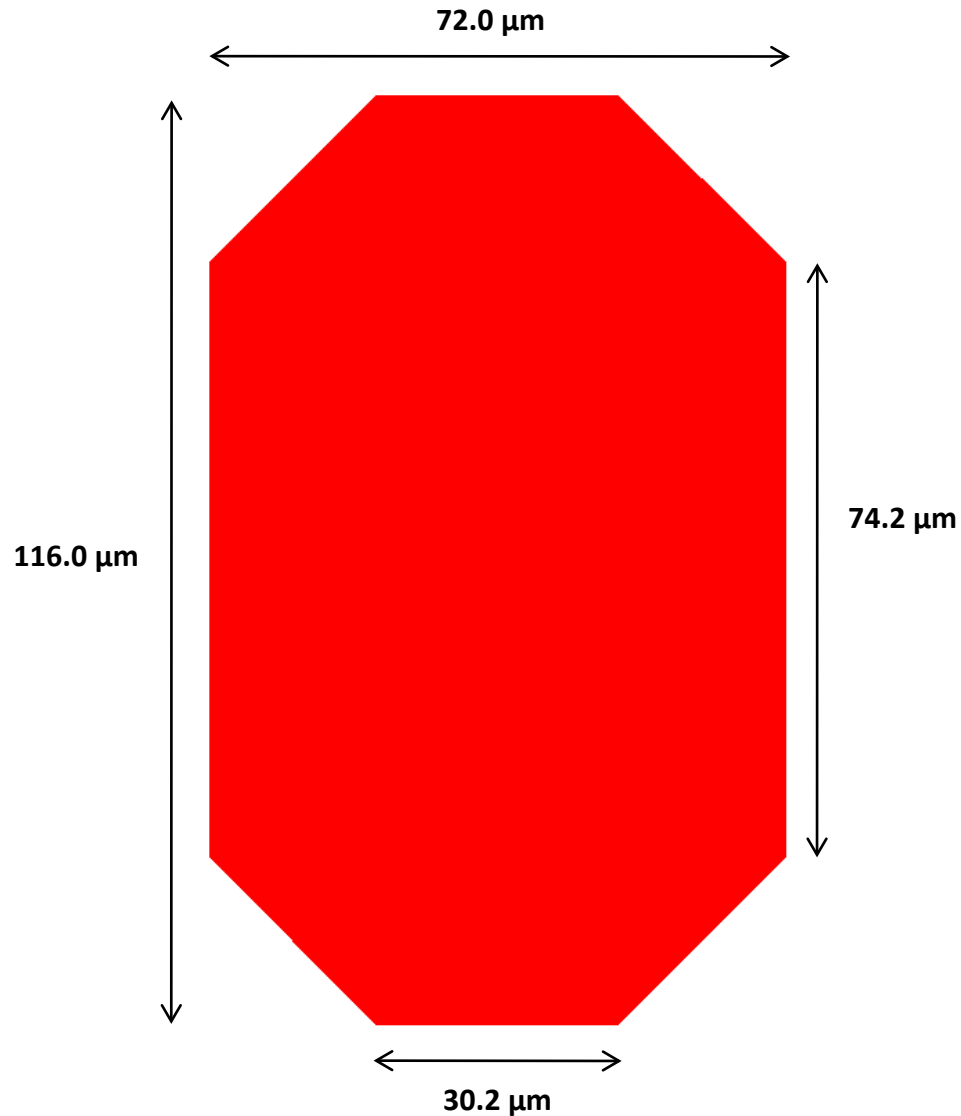

Approximately 4.7 mm

Each die is 0.20 mm (8 mils) thick

# Bond Pad Dimensions

Bond pad metal: AlCu (99.5% aluminum, 0.5% copper)

Minimum bond pad pitch (center to center):  $173\ \mu\text{m}$
